Competitor Mobile apps	• Riyasewana • Ikman.lk • patpat.lk
Good design	• Search and filtering options • Theme/color options as preferences • All the basic functions work according to the expectation. • Proper pagination among the pages. • Fast loading
Design issues	• Content is not clear in several interfaces. • Interfaces do not stretch to fit the screen. • Order categories and the results are shown in the same page hence reducing readability • Unorganized advertisement arrangements.
